The image shows a dark, curved surface, possibly a ceiling or wall, featuring a series of glowing white lines that create a wavy, undulating pattern across the entire area. In the lower center, the word "FibreTec" is written in a blue, sans-serif font. The letters are partially illuminated from behind by several thin, bright fibers of light, which appear to be individual optical fibers. A single, thicker fiber of light extends downwards from the letter "c".

FibreTec

**WHAT
EXACTLY DO
YOU FEAR?**
